MEMORANDUM FOR MILITARY/INDUSTRY DISTRIBUTION

SUBJECT: Initial Draft of MIL-PRF-1/952H Notice 2.
Project number 5960-2026-011.

The draft of the above subject document is being sent to you for review and comments. MIL-PRF-1/952 is being reinstated. This electron tube is used for the vibration test requirement of MIL-DTL-12883/8 which is actively procured. Therefore, reinstatement is necessary to maintain testing validity.

If this document is an interest to you, please provide your comments electronically. This can be in the form of a return e-mail, with or without an attached text file. A 30-day coordination cycle from the date of this letter has been allotted. Please provide your comments within that time period. If no comments are received in the allotted 30-day coordination cycle, concurrence is assumed and all comments received after will be held to the first amendment. If an electronic response is not possible, we will still accept comments via letter, or phone call but only after you have contacted the project officer listed below. The draft document can be found at the following DLA Land and Maritime web page:

<https://landandmaritimeapps.dla.mil/programs/milspec/default.aspx>

This process still requires military departments to identify their comments as "Essential" or "Suggested". Essential comments must be justified with supporting data. Military review activities should forward comments to their custodians or this office, as applicable, in sufficient time to allow for consolidating the department reply.

If there are any questions, please contact Yeasvina Afroz by the preferred method of E-Mail at Yeasvina.Afroz@dla.mil or by telephone at 614-693-0172. Our mailing address as a last resort is, DLA Weapons Support Columbus- VAT, P.O. Box 3990, Columbus, OH 43218-3990. If you have further questions or concerns you may contact me at James Eschmeyer E-Mail at james.eschmeyer@dla.mil or by telephone at 614-693-0178.

//Signed//
James Eschmeyer
Chief
Microelectronics Branch

NOTE: This initial draft, dated 10 July 2026 prepared by DLA-CC, has not been approved and is subject to modification. DO NOT USE PRIOR TO APPROVAL. (Project 5960-2026-011)
